

TRAY PACK SCALE BELTS

Increase Productivity.

Delay Free Tray Pack Scale Belts

Tray Pack Scale Belts are pin driven belts used to check the weight of products to ensure proper weight of products before being sent for packaging. Manufacturers frequently experience delays due to extended belt delivery time from OEMs.

- MIR stocks the OEM equivalent Tray Pack Scale Belts in-house for immediate delivery.
- Our fabrication team has the capability for custom sizes per your specifications.

Contact your MIR Continuous Improvement Specialist for specific application questions and to receive a quotation.
