

uni CSB

Heavy Duty. Highly Versatile.

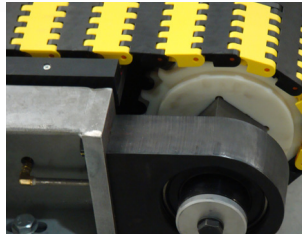

uni CSB is specially designed for the automotive industry, "heavy load" conveying and people moving industry.

Benefits:

- 2 inch pitch belt rated at 6854 lbf/ft comparable to existing 2.5 inch and 3 inch pitch belts.
- Use of Dual Compound Technology (DCT) resulting in the world's first plastic "real modular" modular link.
- High versatility allowing a combination of different materials to meet your needs.
- Electrically Conductive links and Wheel Plate links available.

Contact your MIR Continuous Improvement Specialist for specific application questions and to receive a quotation.
