

# PERKINS CORE Tube Winder Belt

## SOLUTION SPOTLIGHT:

**Increase operational performance and reliability.  
Minimize your PM cycle and maintenance.**

### Issues with Current Technology:

- Limited wear resistance
- Short life cycle
- Splice failure
- Delamination
- High maintenance

### MIR #1983363:

- 2- 3 Times performance value
- Wear resistant compound
- Cast seamless / no splice
- Size flexibility
- Sealed edge minimizing wear and exposure
- High flex cord reinforcement
